You have to be big-hearted

…if you are to grow your understanding of the universe. Roger at Mudfossil University has great pictures of the biggest hearts you have ever seen. Think big, and I mean B I G !

Blood is full of metals – dozens of them – almost all blood is metals apart from the liquids. The colours of blood are red, black and yellow. Take a look at Ayers Rock – Uluru – from a different perspective. I climbed it once. I wish I'd known what I was looking at then. I do now. The first fifteen minutes is fascinating.

The next part is possibly the most important – at 16 minutes you learn that bacteria produce enzymes far more efficiently than our own bodies can. And that enzymes are not alive, but they kill invading viruses and other threats a thousand times faster than our own immune systems can….which is why people who take faecal pills recover from cancer for example. Roger cured his own wife that way. Ever wondered why Royals and elites never actually die of cancer – even if they do actually contract it (for real?).

We are told the speed of light cannot be exceeded. What if that is wrong? What if Einstein was wrong and the theory of General Relativity is incorrect? Could that open up a whole new world of possibilities?

In May 2025 The Alternative View returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.

Roger Anderton is from the John Chappell Natural Philosophy Society – a group that was formed on the idea that Einstein's relativity is wrong (especially special relativity is wrong). In relativity there are many paradoxes (such as twin paradox) which are really contradictions; thus the believers in relativity are talking nonsense. In trying to get this information out to the general public we have found our voice has been mostly blocked.

For first time in UK we are presenting publicly the film Einstein Wrong by David de Hilster which has been prevented from being shown at film festivals. Physics has been corrupted by relativity nonsense.

Event hosted by Gary Fraughen.
